

Hooked on Bionics By George Barany

May is Better Hearing and Speech Month and crossword puzzle creator George Barany has devised a puzzle for *Hearing Loss Magazine* readers. At the same time, he pays tribute to an HLAA member whose identity will emerge as you solve the puzzle.

Some of his puzzles are for general audiences, while others (particularly the "tributes") are for niche audiences. Moreover, some of his puzzles reflect the author's personal interests and biases.

Don't be a spoiler.

If you look at the answer grid on page 40 you will see who the tribute is to. See if you can contain yourself for a while and solve the puzzle. Good luck!
