

# Break a Leg!

by George Barany and Ellen Ross

January 1, 2015

This **word-search puzzle** was created as a special New Year's Day surprise for its honoree (pictorial hint to the right). You are provided with a list of exactly one hundred (100) names, words, and phrases associated with the puzzle's honoree. Find each and every one of them in the grid. They may be horizontal, vertical, or diagonal, and they may be spelled out forward or backward, but they are always in a straight line. After you have found them all, exactly 18 letters (and one punctuation mark) will remain. *Read these from left to right, starting at the top row, and they will spell out a secret message appropriate to the occasion.*
