

Where Did These Crosswords Come From?

Right here on campus, we have our own community of crossword puzzle creators! George Barany (perhaps better known as Distinguished McKnight University Professor of Chemistry), leads a team of word wizards who have created puzzles for the *New York Times* as well as other outlets.

He's gladly shared some of his crosswords with us as a way to give you a brief break from the stress of Finals Week.

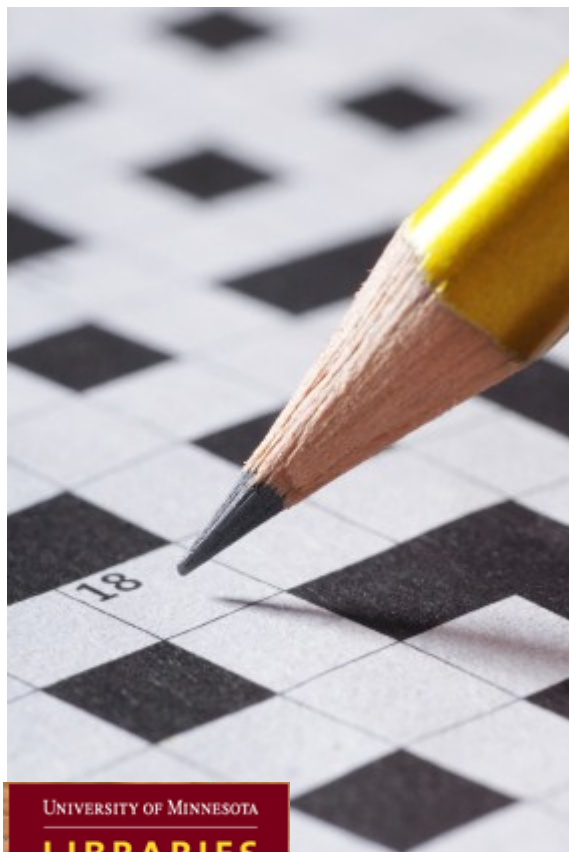

Enjoy!

Finals Week - Take a break!

CROSSWORD PUZZLES & SO MUCH MORE!
