George Barany is a professor of chemistry at the University of Minnesota. Marcia Brott is a scientist in the College of Pharmacy.

HINT: The puzzle's honoree is Dick King, M.D., who retired from the University Medical School earlier this year. For every square in the puzzle grid where King's photograph appears, the across word reads "Dick" for that square and the down word reads "King" for that square. Once you have completed the puzzle, you will see a special message running diagonally from the upper left corner (the shaded gray squares).
