The *David A. and Merece H. Johnson Scholarship* is awarded to chemistry majors who have shown outstanding academic achievement. Back row, from left, **Jacob Kautzky**, **Joshua Schmidt**, **Francis Roushar**, **Reid Anderson**, **Clay Batton**, **Nathan Klein**, and **Edward Koleski**. Front row, from left, **Elena Werst**, **Abbie Mozzetti**, **Erin Duffy**, **Nikki Niewold**, and **Sammy Shaker**.

Junior Awards

Victoria Longley received a *Robert C. Brasted Memorial Fellowship*, which includes a part-time apprenticeship in the department's general chemistry program. This award is given to an outstanding chemistry major with an expressed interest in a teaching career in chemistry.

David Kraus, **Eric Kalkman** and **Tony Cui** received *Lloyd W Goerke Scholarships*, which are given to chemistry majors who have shown outstanding academic achievement.

Not pictured: **Francisco Gomez**.

Megan Stevens and **Eve Zabronsky** received *Peteris Auzins Memorial Scholarships*, which are awarded to chemistry majors who have shown outstanding academic achievement.

Sophomore Awards

Stephanie Hart received a *Thomas DuBruil Memorial Award*, which is given to sophomores who have demonstrated outstanding achievement in undergraduate research.

Clay Batton and Sammy Shaker received the *J. Lewis Maynard Memorial Prize in Advanced Inorganic Chemistry*, which is given for outstanding scholastic achievement in advanced inorganic chemistry.

Stephanie Breunig.

Caitlin Puro received a *Betty A. Lewis Scholarship*, which is given for outstanding academic achievement.

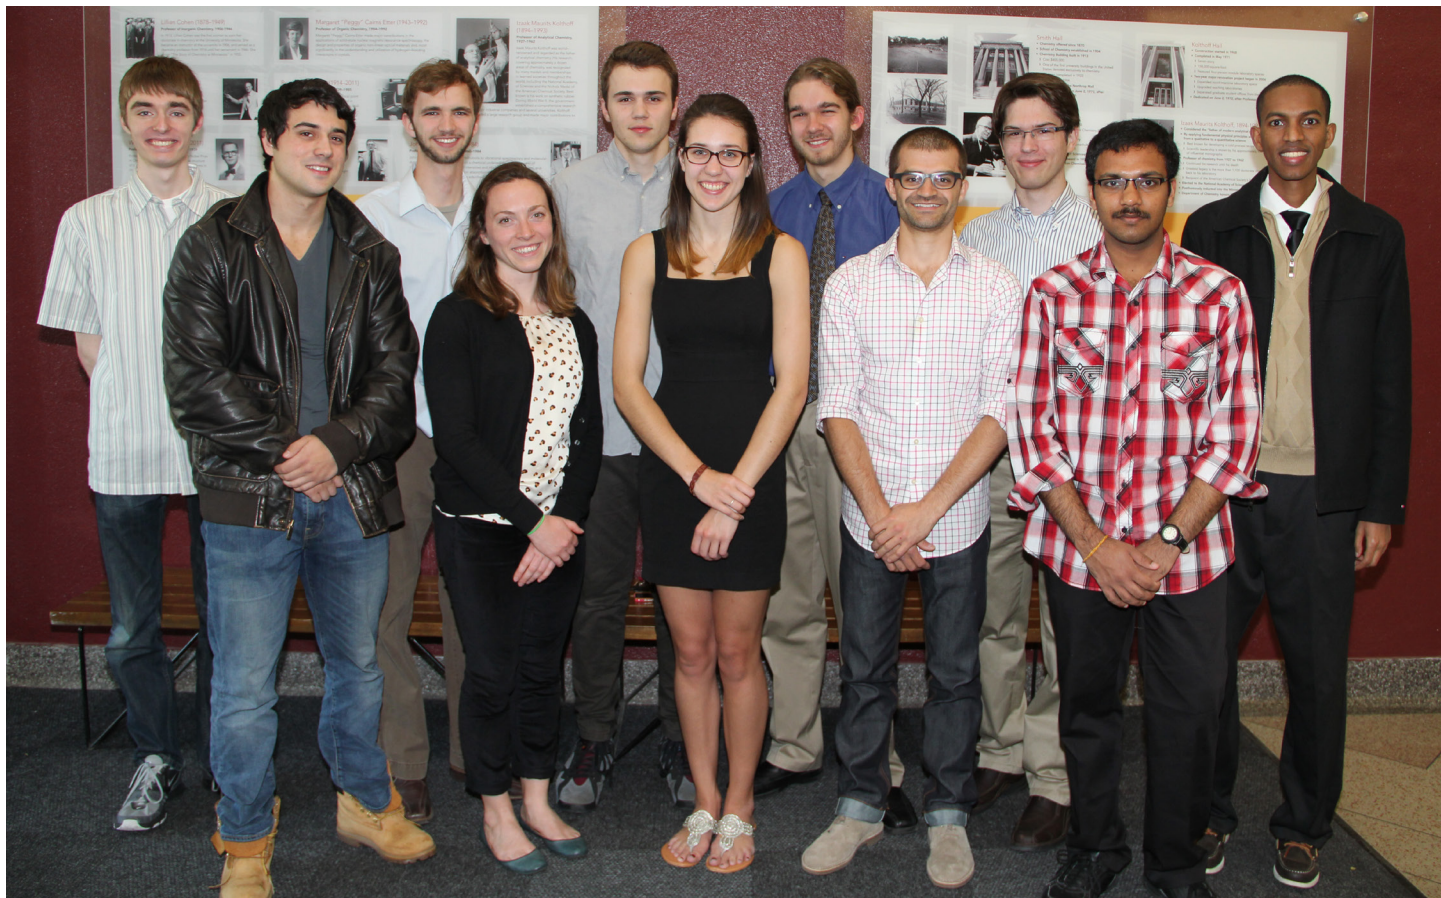

Alec Logeman and Baila Elkin received *Sally Herz Memorial Scholarships*, given to top students in honors general chemistry.

Jordan Sell and Jingyang Zheng received *Jane B. Spence Scholarships*, given to top students in honors organic chemistry.

Summer Research Fellowships

The Heisig/Gleysteen Chemistry Summer Research Program participants include, back row, from left, **Eric Kalkman**, **Joshua Schmidt**, **Thomas Haversang**, **Edward Koleski**, **Nathan Klein**, and **Kadir Hussein**. Front row, from left, **Alex Hurben**, **Nikki Niewold**, **Erin Duffy**, **Alex Ayoub**, and **Vignish Palani**.

Not pictured: **Molly Andersen**, **Nathan Bjerke**, **Stephanie Breunig**, **Levi Hogan**, **Burnell Lauer**, **Michael McDermott**, **Nam Nguyen**, **Thomas Rions-Maehren**, and **Alex Wheeler**.

This program is designed to encourage students in chemistry to learn more about research, and to provide them with the opportunity to work in laboratories under the direction of a faculty member. This year, 32 majors participated in the summer research program.

Alex Wheeler is a *Heisig/Gleysteen Chemistry Summer Research Program* participant.
